Fill in the space with the information  
(more information is better)

If it has a serial number record it.

You can also take a picture of the item

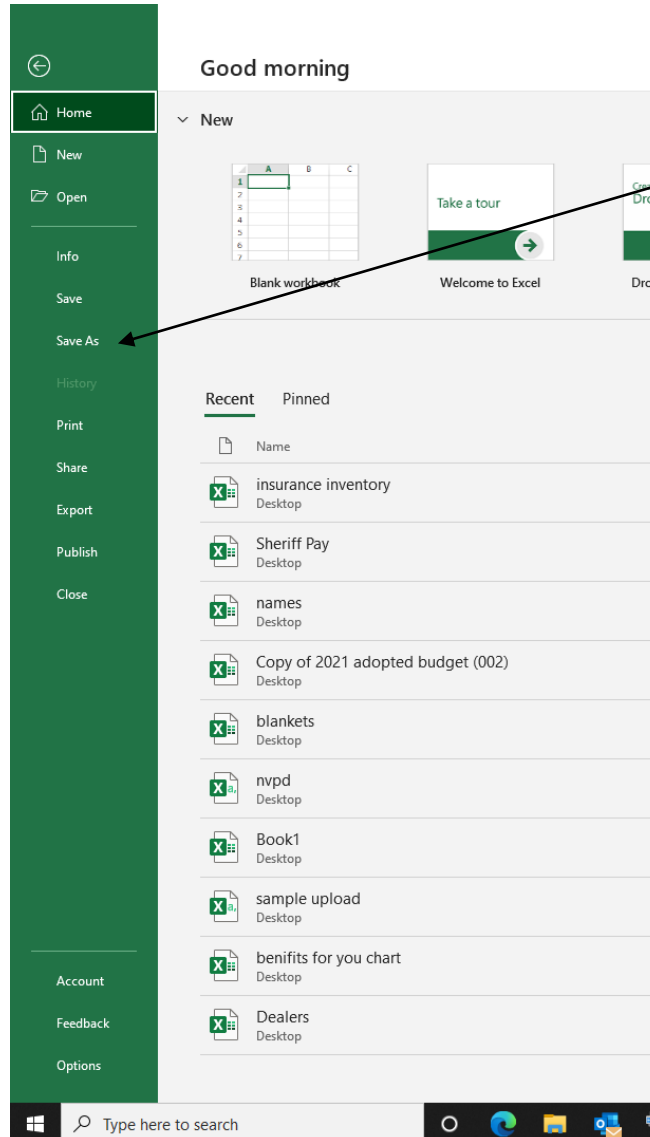

# How to save your Home Inventory

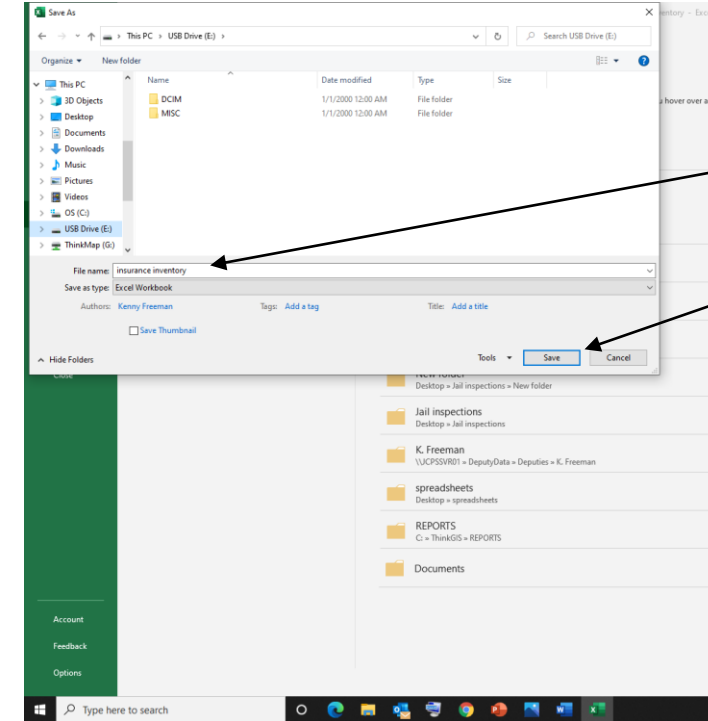

Click File

Click Save As

Name the File and Click save

# What to do with the file

The Jennings County Sheriff's Office suggest that you:

- Save it to a disk, thumb drive and email it to yourself.

Once you save it to a thumb drive or disk put it in a safe place:

A safe, safe deposit box, a family member's house.

Note: emailing to yourself – you can access your email from most anywhere.
